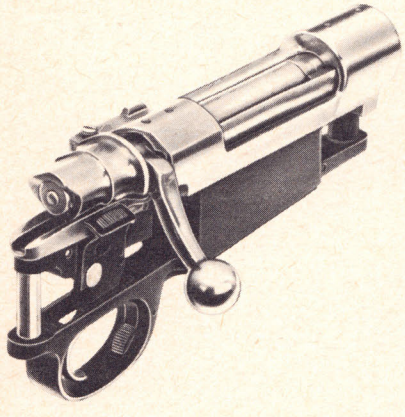
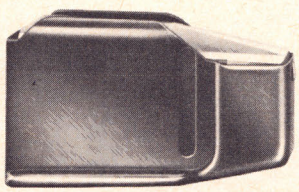
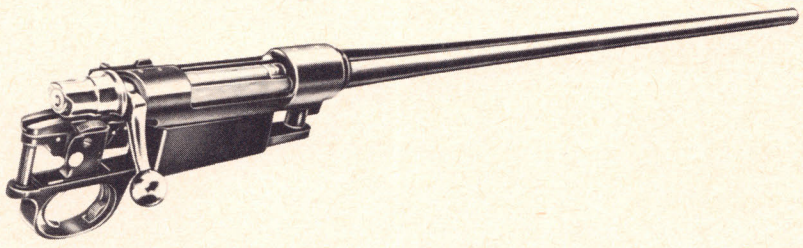
Actions and barrelled actions







The Mauser-type action is based upon the time-proven Oberndorf design. This ultra strong bolt action features a Parker-Hale adjustable single stage trigger mechanism and hinged magazine floor plate and is drilled and tapped for scope mounting. Streamlined bolt plug with thumb operated side safety which positively locks the sear, trigger and bolt. Precision finished in the white, ready for blueing (trigger guard and magazine assembly anodised black). Weight 2½lbs.

This action is obtainable fitted with a beautifully contoured 24" cold forged barrel produced in top quality barrel steel. Available in calibers: 243 Win, 6mm Rem, 25/06, 270 Win, 30/06, 308 Win, 7 mm Rem Magnum, 300 Win Magnum. Proof tested, finely polished and blued. Weight 4¾lbs.

Spare Clip Magazines. No owner of a Clip sporter should ever be without spare clip magazines for even greater convenience and security. Makes available a wider choice of bullet weights plus extra fire power.
